HARDING MAY LEAD DRY ENFORCEMENT

Will Insist on Strict Adherence to Law and Stir Up States.

OPPOSED TO LENIENCY

Does Not Purpose to Ask for Modification of Volstead Act.

HE ISSUES NEW ORDERS

Haynes Trying to Save Prohibition Unit From Complete Breakdown.

Special Dispatch to THE NEW YORK HERALD.
New York Herald Bureau,
Washington, D. C., Nov. 28.

President Harding may soon take personal part in the effort to enforce prohibition. It is not his purpose to ask for a modification of the Volstead act, but he would like to rally the people into an enforcement army.

Federal authorities are disappointed over the cooperation they are getting from the States, which are jointly responsible for the enforcement of the dry laws. Sheriffs and city officers are loafing on the job in many States, leaving the running down of moonshiners, bootleggers, blind pigs and the like to Uncle Sam. With liquor flowing freely everywhere and no hope of checking it, the Washington Administration will make an appeal for the State aid to which it is entitled.

Adherence to the letter and spirit of the Eighteenth Amendment and the Volstead act is an "everlasting commitment" of the Harding Administration. In face of the present enforcement laxity the President has no thought of committing the Administration to any other policy than that of vigorous enforcement.

The President regards the incident at Philadelphia last Saturday, when members of the Naval Academy joined in the orgy of drinking during and after the Army-Navy game, as strongly illustrating the extent to which enforcement

500 SALOON KEEPERS FOUND RUNNING CITY DRUG STORES

Pharmacists Report 20 Per Cent. of Shops Are Kept Solely for Liquor Trade and Boys Are Being Sent to College to Assist Bootleggers.

Twenty per cent. of the more than 5,000 drug stores in New York city, owned by men who are not registered pharmacists, are operated solely for the purpose of selling liquor, Dr. Jacob Diner of 24 West Eighty-fifth street, president of the New York State Pharmaceutical Association and dean of the College of Pharmacy at Fordham University said yesterday to THE NEW YORK HERALD.

"At least five hundred former saloon keepers have opened drug stores in New York since the enactment of the Volstead law," he added. "Many others, not heretofore engaged in the liquor business, have seen a chance to reap huge profits by going into the drug business."

"Many students in the schools of pharmacy in New York are being sent to the institutions by men who will underwrite them in the drug store business when they graduate. While there is no law restricting the ownership of drug stores to graduate pharmacists, there is a law that permits the mixing

and compounding of drugs only by registered pharmacists. Former saloon keepers can own drug stores under the law, but they cannot mix drugs. In order to get around the law they send young men to the pharmaceutical institutions."

"A good portion of the poison liquor now being sold in this city is supplied by the 'blind tiger' drug stores. Operating under Federal permits to sell whiskey on prescriptions, the laymen druggists withdraw their quotas of liquor, and through use of grain alcohol and coloring liquids make three times the original amount out of it. Two-thirds of the bootleg stuff then is sold to cafes and cabarets, while the remaining third—useless as medicine because it has been 'doctored'—is sold on prescriptions, regardless of whether they are genuine."

"The New York State Pharmaceutical Association at the next session of the Legislature will foster a measure restricting the ownership of drug stores to graduate pharmacists."

TAFT BARS ANTI-SALOON AID TO GOVERNMENT

Forbids Wheeler to Intrude in Supreme Court Liquor Cases.

WASHINGTON, Nov. 29.—The Supreme Court today refused to grant Wayne B. Wheeler of the Anti-Saloon League permission to file a brief as "a friend of the court" in three liquor cases soon to be argued.

Mrs. Mabel V. Willebrandt, assistant Attorney-General in direct charge of liquor enforcement cases for the Department of Justice, submitted the request in behalf of Mr. Wheeler. E. N. Toline, counsel for several of the men involved in one of the cases, immediately interposed an objection, saying he "thought the Department of Justice was fully competent to protect the Government's interests in all liquor litigation that might be presented."

Chief Justice Taft nodded assent to the suggestion and announced that the application was denied.

DEATH HELD ACCIDENTAL

A Federal Grand Jury, after examining twenty witnesses, decided yesterday that the death of Thomas Scott, Canadian war veteran, was accidental. Scott fell down stairs in the United States Military Hospital at Kingsbridge on October 23 and died of his injuries. The jury decided the evidence indicated Scott had been drinking.

GOOD ALCOHOL AVOIDS SEWER

Walter Hestfeld, prosecuting attorney of Union county, yesterday poured into the sewers of Elizabeth, N. J., 779 quarts of whiskey and gin and twenty-eight barrels of beer. The confiscated liquor was impure. Three hundred gallons of alcohol, which tested pure, were distributed among seven hospitals.

26 GIVE BONDS IN LIQUOR PLOT CASES

Bench Warrants Issued for Four Others in Grand Jury Net.

Twenty-six of the thirty persons indicted last Thursday by the Federal Grand Jury for alleged conspiracy to defraud the Government and violate the Volstead law yesterday appeared before Judge Julian W. Mack in United States District Court and entered tentative pleas of not guilty. Bail bonds totaling \$217,500 were supplied by the defendants and they were given until December 11 to demur, withdraw their pleas or take other action for their defense.

Bench warrants were issued for the arrest of the four defendants who failed to appear. They were Peter J. Grimes, Robert Gottfried, Albert Howard and George Jeandemange. Grimes is reported to be in Europe. He cannot be extradited, according to John Holley Clark, Assistant United States District Attorney, who, with Frank J. Hale and James R. Kerrigan, collected the evidence on which the indictments were returned.

Those who entered tentative pleas of not guilty and the bail bonds they made were Emanuel H. Kessler, alleged "king of bootleggers," \$50,000; Morris Sweetwood, Kessler's alleged partner, \$50,000; Morry E. Birnbaum, \$20,000; George J. Shevlin, \$20,000; Emil Wernner, \$20,000; Charles Kurtzman, \$20,000; Otto Gass, \$15,000; Joseph Fox, \$10,000; Mark Aron, \$10,000; Millard J. Friedberg, \$10,000; Bernard Bornstein, \$10,000; Allan Black, \$7,500; Morris M. Becker, \$7,500; Albert Block, \$5,000; Al Goldman, \$5,000; Jack Goldman, \$5,000; Ben Katz, \$5,000; John R. Maxwell, \$5,000; Walter Wurmer, \$5,000; Nathan Bornstein, \$5,000, and the following former dry agents: Irving Garason, \$10,000; Roswell A. Seaver, \$7,000; George M. Fawcett, \$7,500; Joseph Fawcett, \$5,000; Henry Grunewald, \$5,000, and Abe Topitz, \$5,000.

MOORE'S RESTAURANT RAIDED

Scotch Whisky and Champagne Seized in W. Forty-second Street.

Moore's Restaurant, 216 West Forty-second street, was raided yesterday by five detectives of Inspector Bolan's staff. Eighteen cases of Scotch whisky, sixty-nine quart bottles of champagne and 132 pint bottles of the same beverage were found secreted in the place. The seized liquor was taken to Police Headquarters. Police reserves from the West Forty-second street station were called to hold back the throngs from the White Way. Two arrests were made.

BEGS CANADIANS NOT TO DRINK IN AMERICA

Wayne B. Wheeler in Toronto Asks Them to Refrain.

TORONTO, Nov. 28.—Wayne B. Wheeler, leading official of the Anti-Saloon League of America, protested vigorously this afternoon against violation of American liquor laws by visiting Britiflers. Addressing the World League Against Alcoholism, he declared:

"When we go to England or any other country, we'll obey the law, and we ask you in all kindness to do the same when you come to our country."

In equally vigorous language, Sir George Foster, Canadian prohibition leader, decried deliberate violation of prohibitory laws which he said had received the considered sanction of the people.

BOARD TO INVESTIGATE MIDSHIPMEN'S 'ORGY'

Denby Says It Will Try to Fix Responsibility.

WASHINGTON, Nov. 28.—Appointment of a naval board to investigate the "disgraceful" conduct of midshipmen at a ball at Philadelphia Saturday after the annual Army-Navy football game was announced today by Secretary Denby at the close of a conference with Rear Admiral Henry S. Wilson, superintendent of the Naval Academy.

Secretary Denby did not announce the personnel of the board of inquiry, but emphasized that its investigation would be directed toward fixing responsibility for conditions that made possible the "disgraceful" incident, and was not intended to "bring to book the midshipmen themselves."

MODEL TAKES POISON, THEN NOTIFIES SCHOOL

Condition of Young Woman Said to Be Serious.

"I've taken 25 grains of veronal and won't be able to work tonight," Miss "Billy" Walker, twenty-eight years old, a model of 29 West Eighty-fifth street, told the principal of the Stuyvesant High School, Fifteenth street, near First avenue, last night when she had telephoned him at the school offices to break an engagement to pose in the designing class.

The principal notified the police of the East Twenty-second street station. Patrolman Joseph Gaudiose found the young woman in her room semi-conscious. She was taken to Bellevue Hospital by Dr. Nishman. Her condition was said to be serious.
